

### 3300 MASTER FUEL INJECTION PRESSURE TESTER

Contains all items necessary for checking PFI and TBI fuel injection systems on most domestic and foreign cars. Features a 3-1/2" gauge head with dual readings of 5-145 PSI / 25-1,000 kPa and a 2-1/2" gauge with dual readings of 0-15 PSI and 0-1.00 kg/cm<sup>2</sup>. Gauge head includes rubber protectors. Kit includes adapters, 8 hose assemblies, (some with quick couplers) and complete instructions, all packed in blow mold case.

### 3350 BASIC FUEL INJECTION PRESSURE TESTER

This starter set contains adapters necessary to check most domestic (except GM TBI) and Japanese systems. Contains both large and small Schrader type test fittings, inline and end of line hose fittings, 24" hose extension, 3-1/2" (90mm) gauge head with dual readings of 5-145 PSI / 25 – 1,000 kPa, features quick disconnect and hang hook. Set includes complete instructions, all packed in blow mold case.

### 3420 FUEL INJECTION PRESSURE TESTER (BOSCH K-JETRONIC C.I.S.)

This in-line tester will detect bad fuel pumps, bad pressure regulators, leaking injectors and clogged fuel filters. Features 3-1/2" (90mm) gauge with dual calibration (5-145 PSI / 25-1,000 kPa) and hang hook, hose assembly with quick disconnect and brass adapters. Set includes complete instructions, all packed in blow mold case.

### 3425 FUEL INJECTION PRESSURE TESTER (OTHER THAN BOSCH & GM TBI)

Test AMC, Chrysler, Ford, GM (non-TBI), Japanese makes, Bosch AFC, MPC, Digijet / Digifant (non-CIS), plus others using Bendix-type fuel injection or a Schrader-type valve, including the small Schrader valve found on Fords. Features 3-1/2" (90mm) gauge with dual calibration (5-145 PSI / 25-1,000 kPa) and hang hook, hose with quick disconnect and brass adapters all packed in blow mold case.

**3430 GM FUEL INJECTION TESTER**

Tests GM cars, light trucks, vans and SUV's with Multi-port fuel injection. Features 3-1/2" (90mm) gauge with dual calibration (5-145 PSI / 25-1,000 kPa) and hang hook, hose with quick disconnect.

**3435 CHRYSLER FUEL INJECTION TESTER**

Tests Chrysler cars, light trucks, vans and SUV's with TBI and Multi-port fuel injection. Features 3-1/2" (90mm) gauge with dual calibration (5-145 PSI / 25-1,000 kPa) and hang hook and 3 hose assemblies.

**3440 FORD FUEL INJECTION TESTER**

Tests Ford cars, light trucks, vans and SUV's with Multi-port and TBI systems. Features 3-1/2" (90mm) gauge with dual calibration (5-145 PSI / 25-1,000 kPa) and hang hook and 3 hose assemblies.

**3360 FUEL INJECTION CLEANING CANISTER**

For use with CTA's Fuel Injection sets and adapters. Canister is filled with cleaning fluid and attached to gauge head and adapters to enter fuel system and injectors. Includes 3-1/2" (90mm) gauge with dual calibration (5-145 PSI / 25-1,000 kPa) and hang hook and 5' (1.5m) hose assembly with 1/8" NPT hose end to adapt to different fittings. Use with shop air.

**3370 FUEL INJECTION CLEANING SET**

Use this set with either our cleaning hose or canister. Wide range of hose assemblies and fittings to allow cleaning of injectors on most foreign and domestic gasoline engines. Some adapters are the same as in our pressure test sets and others are designed specifically for easier cleaning. Comes with complete instructions, set of disconnect tools, hose clamps, tube nuts and application chart, all packed in blow mold case.

**3401 8 PC. EFI & IAC TEST KIT**

Includes 6 EFI Test Lights and 2 IAC Test Lights listed below. Packed in blow mold case. Also available individually.

**ELECTRONIC FUEL INJECTION TEST LIGHTS**

No.	Application	No.	Application
3405	BOSCH	3412	GM PFI
3410	GM TBI	3413	GEO TBI
3411	FORD TBI	3414	GM VORTEC SCPI

**IDLE AIR CONTROL (IAC) SIGNAL TEST LIGHTS**

No.	Configuration	Application
A392	Pins in Square	'82-'91 GM TBI & PFI
A394	Pins in Line	'87 & up GM 700 TBI & PFI
