7500 A/C CLUTCH PLATE REMOVER & INSTALLER

Removes and installs clutches on GM DA6 and V5 compressor clutches with 9mm threads, without removing the retaining ring.

7539 GM A/C COMPRESSOR CLUTCH REMOVER / INSTALLER

Serves GM A6 and R4 compressors with SAE threads. Not for clutches with metric threads.

3454 4 PC. A/C DISCONNECT TOOL SET

Separate spring-lock refrigerant pressure lines on A/C systems on Ford, Chrysler and Jeep vehicles. Spring-loaded design. Includes the following sizes: 3/8", 1/2", 5/8", 3/4"

A934 BI-METAL THERMOMETER

Reads temperature of air conditioning systems and radiators. 1" dial gauge reads from 0° to 220° Fahrenheit. Stainless steel stem is 5" / 13cm.

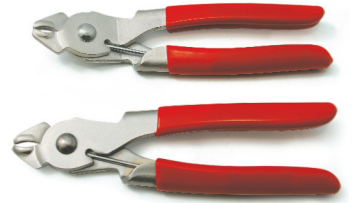

HOG RING PLIERS

Used for upholstery work on most vehicles. Two types will service all "hog ring" fasteners. Spring loaded with cushion grips.

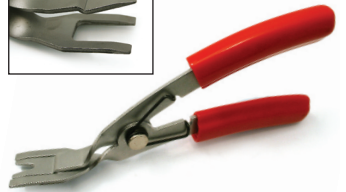

No.	Description
5302	Offset 45°
5304	Straight
5300	2 Pc. Set

5310 CLIP REMOVAL PLIERS

Tapered forks slide under most type of auto body clips for easy removal. Simply squeeze handles to pop out clips. Spring loaded with vinyl handles.

5205 BODY CLIP PLIERS

Steel levers are embedded in glass-filled nylon tips for removal of any clip found on trim, bumpers, etc. on most makes and models. Tips have special angle and size for complete coverage.

5210 PUSH PIN PLIERS

Removes plastic push pins found under hood and in trunk without damage to pins or anchors. Features sharpened/hardened jaws and spring-loaded handles with vinyl grips. OAL: 9-1/2" / 24cm

A575 DOOR PANEL FASTENER REMOVER

Removes common plastic fasteners found on door panels. Features offset head for easy access and leverage with large handle.
